Master's Newsletter

November 2018

Welcome to the first edition of our new regular newsletter which will replace the Master's blog. Any comments are welcome. Please email these to wccsurveyors@btinternet.com

Congratulations to Digby Flower (Master), John Woodman (Senior Warden), Ken Morgan (Junior Warden) and James Bryer (Renter Warden) who were installed at Common Hall on 23 October.

"One of my themes for the year is that as the "property livery company" we should do more to demonstrate our involvement in and to celebrate our role in the world leading developments in London and in deed more broadly in the UK. This was echoed in his speech by Peter Murray past Master of the Architects' Company who said of the kinship between our Company's " we have

an enviable and important role in the City - because between us we build the City . We commission it, we design it, we construct it and we let it. Without us the bankers, the insurers, the investors and the lawyers would have nowhere to work or at least work efficiently. Without us the European centre of finance would have long ago moved to

Frankfurt or Paris." Come and celebrate by joining the building tours I have arranged!"

Master 2018-19

The Lord Mayor's Show

Treloar's School Caterpillar bus

The Company was proud to participate in the Lord Mayor's Show on Saturday 10 November as part of a float with Treloar Trust featuring the coach for which the Company's raised £115,000 in 2017. Note our new logo which is prominent on the side of the coach. We shall be using this all the time once our new website is launched by the end of the year.

St Pauls and Big Ben!

The Master presenting The Endeavour Award presentation to Lcpl Mark Nortje of 135 Geo.Sqn., RE following the Armistice Day Parade at Ewell.
